High drama on city streets over development debate

Congress, BJP workers carry chairs to reach venues; actual debaters missing in action

Mysuru, June 29 (RKB&DM)- The purported debate between the Congress and the BJP regarding the contributions made by the respective parties for Mysuru's development, came a cropper this morning though high drama prevailed at Field Marshal K.M. Cariappa and Dasappa Circles as BJP and Congress workers were stopped by the Police from marching to each other's Offices.

Though the development debate centred around former Chief Minister Siddharamaiah and Mysuru-Kodagu MP Pratap Simha, they were missing in action leaving the task to party workers who resorted to protests and shouting slogans.

In the end, the Police intervened and bundled them into Police vans and ensured order on the roads.

KPCC Spokesperson M. Lakshmana had challenged BJP MP Pratap Simha for a debate on the contributions made by the Congress and BJP for Mysuru's development and said that he would come to the debate at the MP's Office on Jaladarshini Guest House campus at 12 noon today (June 29) carrying two chairs and a table along with him.

Accordingly, he was ready to head to the MP's Office with two chairs and a table, mounted on a goods auto. He himself sat along with the table.

Countering Lakshmana's challenge, several activists of BJP Yuva Morcha, led by office-bearers Kiran Gowda and Devaraj, converged at Field Marshal K.M. Cariappa Circle on JLB Road at about 10 am to take out a march to the Congress Bhavan near the City Railway Station to hold the debate there, instead of the BJP MP's Office. They too carried two plastic chairs.

Quake analysis team on field visit in Kodagu

Earthquake Monitoring Centre with hi-tech equipment to come up at a cost of Rs. 30 lakh

Kushalnagar, June 29 (Akshay & BCT)- After a series of earthquakes hitting parts of Kodagu district, especially Madikeri Taluk which witnessed large-scale floods and landslides in 2017 and 2018, a team from Karnataka State Natural Disaster Monitoring Centre (KSNDMC) from Bengaluru is camping in the district to study the tremor patterns.

The two-member team comprising KSNDMC Scientific Officer Jagadeesh and Junior Scientific Officer Ramesh arrived in Madikeri and is on field trips for data analysis.

After an earthquake measuring 3.0 on the Richter Scale shook parts of Madikeri Taluk and the areas bordering Dakshina Kannada at 7.45 am yesterday, another quake with 1.8 magnitude hit the same place at 4.32 pm and like in the morning quake, the epicentre was at 5.8 km northwest of M. Chembu Gram Panchayat.

The evening tremors were felt at Karike, Sampaje and parts of Sullia Taluk of Dakshina Kannada. Yesterday's two quakes were preceded by two more quakes, the first on June 23 (measuring 3.4 on the Richter Scale) and the second that was reported on June 26 with a magnitude of 2.3 on the Richter Scale.

The KSNDMC team has come to Kodagu with instrumentation and radiation measuring equipment for analysis and to figure out how the data can be used to calculate the true ground motion. Instrumentation will enable the team to quantify salient properties such as focal depth, magnitude, active ground faults and source characteristics.

Mysuru, Wednesday 29th June 2022

Biathlon and Julia Bliss' performance at Mahadasara - 2022 Annual Fest

Mysuru, June 29 - Maharaja Institute of Technology Mysore (MITM) has organised its 15th Annual Fest Mahadasara - 2022 on June 30, July 1 and 2. The fest is an extravaganza of sports and cultural events.

'Biathlon' is one such event involving public and the students of the institute which is a combination of running (5 km) and cycling (10 km) with the theme "Health & Happiness for All", to be held on July 1 (Friday) between 7 am and 8.30 am, commencing from the entrance of Manasagangothri (Kuvempu Statue) via J.K. Grounds and ending at MIT Mysore.

Those interested may visit *www.mitmysore.in* for registration and the first 800 participants will get a T- Shirt. There will be no entry fee for the registration or for the participation.

University of Mysore Vice-Chancellor Prof. G. Hemantha Kumar, MLA L. Nagendra, DHO Dr. K.H. Prasad, DCP M.S. Geetha Prasanna (Crime & Traffic), Senior Heart Specialist and Clinical Director of Narayana Multispeciality Hospital, Mysuru, Dr. M.N. Ravi, Principal of MITM Dr. B.G. Dr. Naresh Kumar and members of MET will be present during the inauguration of Biathlon.

DJ Julia Bliss

On the final day of the fest (Saturday, July 2), Russian actress, Model and DJ Julia Bliss will perform at 7.30 pm. This event is also open to public.

For details contact A.M. Aniruddha, Administrartive Officer on Mob: 92410-32032 or 96202-28022.

EDITOR'S BOTTOMLINE

The only difference between the Sankhya school and the Yog school is that the former comprises theoretical knowledge and the latter is a spiritual practice. However, the two differ in their conception of God. Though the Sankhya school does not argue for the non-existence of God, it regards God as an unnecessary postulate. Yog, on the other hand, believes that God exists and is the highest self. The conception of God in yog is radically different from Upanishads. In Upanishads, God is the supreme ruler of the universe, in the sense that He is its creator, sustainer and annihilator. Patanjali does not regard God as Creator God. He names his God Ishwar.

Patanjali introduces the concept of God – Ishwar for the first time in Yoga Sutra 1.24. He describes Ishwar as 'a special kind of Being, untouched by ignorance and the products of ignorance, not subject to karmas or samskaras or the results of action.' He is unaffected by the kleshas – taints of affliction: avidya, ignorance; ahamkar, egoism; raga and dvesha – attractions and repulsions, as well as the fear of death. Patanjali disagrees with Advait Vedantic theory that when a man is liberated, he becomes one with Brahmn. Patanjali upholds that man can only attain refuge in Him but can never become one with Him. Ishwar aims to bestow grace on living beings, by teaching them knowledge and dharma, righteousness. As a result of devotion to God, one achieves perfect samadhi.

Yog is a perfect science. It does not teach us to believe; it teaches us to know. It does not say 'Become blind followers'; it says, 'Open your eyes' and enumerates the procedure to open our eyes. Yog does not teach us to lean on Ishwar for fulfilling our mundane needs, or to use Ishwar as an escape. Through yogic exercises, pranayama, meditation, contemplation and samadhi, Patanjali's objective is to help us think, speak and act in a manner that leads to freedom from elements that disturb our minds and pollute our hearts, leading to karmic bonds.— *Ashok Vohra in The Times of India*

NEWS SPARKLERS

Employee resigns, vanishes after being paid more salary

Las Condes: A man who was accidentally paid 286 times more his salary last month re-signed from the company and vanished without a trace after promising to return the money paid in excess.

Someone in the Human Resources Department of Chile's largest producer of cold cuts, Consorcio Industrial de Alimentos (Cial), accidentally paid an employee 165,398,851 Chilean pesos (1,80,000 dollars) last month, instead of the 500,000 pesos (542 dillars) they were entitled to and now that person apparently doesn't want to give the money back. The employee resigned and vanished without a trace, leaving the company no other option but to lawyer up and try to recover their losses. After Cial's financial department noticed that the bank had not notified them about the refunded payment, they tried contacting the worker again, only their messages were left unanswered. A while later, the worker got in touch, claiming that he had overslept and would visit the bank shortly. But he never did that and on June 2, he handed his resignation through a law firm.

This road needs drivers to drive on wrong side

Cumbres de Acultzingo: Tackling tight curves on winding mountain roads is complicated enough as it is, but having to randomly drive on the opposite side of the road makes it confusing as well.

Mexico's Cumbres de Acultzingo is a mountainous area in the country's Veracruz State traversed by a winding road that truck drivers found notoriously hard to traverse due to its tight curves. Because large vehicles couldn't descend through some of these curves without going on the inside lane and causing frequent accidents, someone came up with the idea of switching up the lanes in these tricky sections. These days, driving on the Serra de Acultzingo, as the road is known, you constantly have to pay attention to the road markings and drive on the wrong side when asked to.

Replace dim LED lights

Sir,

All the roads around Gokulam Park road is now in perennial darkness after replacing the existing tubelights, sodium vapour lamps and neon street-lights with a low quality, low luminance LED streetlights.

Gokulam Park road area is a purely residential one and the residents, especially the senior citizens and the children are finding it difficult to move around in the dim streetlights.

Hope the authorities concerned will replace these low luminance LED streetlights with LEDs of higher luminance and help the residents of Gokulam Park area.

Now, link Aadhaar-PAN
with fee in Income Tax portal

Mysuru, June 29- Linking of PAN and Aadhaar has been enabled now in the Income Tax portal. Every person who has been allotted a Permanent Account Number (PAN) and who is eligible to obtain an Aadhaar number, shall mandatorily link their Aadhaar and PAN on payment of fee Rs. 500 on or before 30.6.2022 and Rs. 1,000 thereafter.

The fee payment for PAN-Aadhaar Linkage need to be made through e-Pay Tax functionality available on NSDL (now Protean) Portal.

The prescribed fee must be paid under Major Head 0021 and Minor Head 500 and Assessment Year (AY) should be 2023-24 using Challan ITNS 280.

The taxpayer is suggested to link PAN-Aadhaar after 4-5 days of making the payment. If taxpayer has made any mistake while making the payment under Minor head 500, there is no provision for refund of wrong payments made.

Any mismatch in name, date of birth in Aadhaar and PAN correct the details either in PAN or Aadhaar database such that both have matching details.

If PAN-Aadhaar not linked, it will become inoperative. If inoperative:

i) The PAN holder will not be able to file return using the inoperative PAN **(ii)** Pending returns will not be processed **(iii)** Pending refunds cannot be issued **(iv)** Pending proceedings as in the case of defective returns cannot be completed **(v)** Tax will be required to be deducted at a higher rate as PAN becomes inoperative.

In addition to the above, the tax-payer might face difficulty at various other places like banks and other financial institutions, as PAN is one of the important KYC criterion for many of the financial transactions.

Aadhaar-PAN linking presently does not apply to any individual who is **i)** A non-resident as per the Income Tax Act, 1961, **ii)** Of the age of eighty years or more and **iii)** Not a citizen of India, according to a press release from N.D. Shreenivaas of Bhavani Associates, Mysuru.

Justice A.S. Bopanna in city tomorrow
To inaugurate day-long Convention on "Judicial Activism with Special Reference to Industrial Laws"

Justice Bopanna

Mysuru, June 29- The Industrial Management Association, Mysuru, has organised a day-long Convention JIGNYASA-2022 on the topic "Judicial Activism with Special Reference to Industrial Laws" at JSS Pharmacy College Auditorium, Bannimantap, on June 30 from 9.30 am to 5.30 pm.

Addressing a press meet at Pathrakarthara Bhavan in city yesterday, Association President A.C. Narendra said that Justice A.S. Bopanna, Supreme Court Judge, will inaugurate the convention in the presence of Suttur Seer Sri Shivarathri Deshikendra Swamiji.

Justice N. Santosh Hegde, former Lokayukta of Karnataka and Dr. N. Muthukumar, President & COO, Meritor, will be the guests of honour. Justice Hegde will speak on "Fall in social values and its consequences" at 11.30 am. Presentation on "Judicial Activism with reference to Case Laws" will be at 2.30 pm followed by an Interactive Session. For details contact Secretary Jatin Achaiah on Mob: 81478-37346 or 99016-85328.

Industrial Management Association President A.C. Narendra addressing a press meet in city yesterday as office-bearers Gopalakrishna, Mahesh and Vinayak Bhat look on.

Industrial Management Association (IMA) is a registered organisation of employers, which provides membership to various Institutions — Companies, Firms, Proprietory Entities, Co-operative Institutions, Trusts, Shops and Commercial Establishments. The existing members are Corporates, who ventured into Industrial and Commercial activities, Educational Institutions, Hospitals, and Social Organisations. The objective of IMA is to foster harmonious relationship between employers and employees; to appraise employers and employees regarding their duties, responsibilities and privileges. It conducts conventions, lectures, seminars and workshops.

KSPCB bans single-use plastic in city from July 1

Mysuru, June 29 (BCT)- After multiple attempts by the State Government, the Mysuru District Administration and the Mysuru City Corporation (MCC) to ban single-use plastic, now it is the turn of the **Karnataka State Pollution Control Board (KSPCB)** to enforce a blanket ban on all kinds of single-use plastic products with effect from July 1 in Mysuru city.

A communiqué from the KSPCB said that the ban will be imposed on single-use plastic items which are low in utility but have a high potential for littering. The banned items include plastic sticks, earbuds with plastic sticks, plastic flags, candy sticks, ice-cream sticks, thermocol or polystyrene decoration, balloons with plastic sticks, cutlery items like cups, glasses, cups, forks, spoons, straws, trays, knives and stirrers for tea or coffee.

Even wrapping or packing plastic materials like sweet boxes, invitation cards and cigarette packets and plastic or PVC banners which are less than 100 microns will be banned.

Notably, last year, the Union Environment Ministry notified the Plastic Waste Management Amendment Rules, 2021, that make it mandatory for the thickness of plastic carry bags to be increased to 120 microns by the end of 2022.

The communication said that the July 1 ban also extends to the sale, stocking, distribution and export of such plastic products in all shops and shopping malls. Also, the sale of these products near schools, colleges, educational institutions and hospitals has been prohibited.

Those in possession of the mentioned single-use plastic have to audit the available plastic in their godowns and storage houses. Also, factories producing such materials must have an inventory of the plastic produced and those in the pipeline too. The ban will also be extended to cancelling the licence of commercial establishments that either sell or use these plastic products.

Raids and penalty

The KSPCB will collect a penalty of Rs. 5,000 per tonne of plastic for violations during surprise raids by local civic officials as per the guidelines issued by the Central Pollution Control Board.

The raids will be conducted in all the zones and plastic will be confiscated. "We will first raid places where banned plastic is being manufactured. Stringent action will also be taken against bulk distributors who continue to indulge in the distribution of single-use plastic. By doing so, we want to ensure that plastic below 100 microns is not available in retail shops," a KSPCB official said.

Previous bans

Except for some periodic raids on warehouses and factories that produce and store single-use plastic, the ban on plastic imposed by the State Government, the District Administration and the MCC has largely been ineffective. It may be recalled here that in 2016, the State Government issued a gazette notification banning the sale and use of several plastic products in the State. Soon, the MCC announced that the manufacture, sale and use of plastic products mentioned in the notification stand prohibited in the city as well. Rules were to be enforced to comply with the Plastic Waste Management Rules 2016. However, the rules have remained on paper with name-sake implementation.

Cloth bag distribution

Last year too, Mysuru District Administration enforced a ban on single-use plastic items from Apr. 5. Single-use plastic materials such as polythene/ plastic/ polypropylene carry bags, polythene plastic cups, polythene plastic plates and plastic sheet pouches used to wrap cooked food were banned. The District Administration had given manufacturers, distributors and consumers time to dispose of their existing stock and come up with alternatives to plastic usage. Also, many raids were conducted on plastic storehouses in many marketplaces including Shivarampet.

As an alternative to plastic bags, over 16 lakh cloth bags were distributed to 7,34,905 houses. But in the later developments, a controversy erupted where the cloth bag distribution itself was questioned by politicians who alleged corruption though officers have denied the same.

Enforcing stringent plastic ban

Centre to set up National, State-level Control Rooms

New Delhi, June 29 (UNI)- To implement the ban on single-use plastic from July 1, the Centre has decided to set up National and State-level Control Rooms and special enforcement teams to check illegal manufacture, import, stocking, distribution, sale and use of banned single-use plastic items.

"States and Union Territories have been asked to set up border check-points to stop the inter-State movement of any banned single-use plastic items," the Ministry of Environment Forest and Climate Change said.

"Addressing pollution due to single-use plastic items has become an important environmental challenge confronting all countries," it said. The adverse impacts of littered single-use plastic items on both terrestrial and aquatic ecosystems, including in marine environments, are globally recognised.

In view of this, the Government has taken resolute steps to mitigate pollution caused by littered single-use plastic. The Plastic Waste Management Amendment Rules, 2021, prohibit the manufacture, import, stocking, distribution, sale and use of plastic carry bags having a thickness less than 75 microns with effect from Sept. 30, 2021, and having thickness less than 120 microns with effect from Dec. 31, 2022.

The guidelines will provide a framework to strengthen circular economy of plastic packaging waste, promote the development of new alternatives to plastic packaging and provide the next steps for moving towards sustainable plastic packaging by businesses.

Multilingual actress Meena's husband Vidyasagar dies at 48

Vidyasagar

Chennai, June 29- Vidyasagar (48), husband of popular multilingual actress Meena, passed away at a private hospital in Chennai on Tuesday night after battling lung disease.

Sources said that Vidyasagar was diagnosed with a lung ailment in March 2022 and had to be treated for it.

Prior to that, he was down with COVID but had managed to recover from it. The health condition of Vidyasagar, who was hospitalised for the treatment of his lung problem, worsened on Tuesday night and he passed away around 7 pm.

He leaves behind his wife Meena, daughter Nainika and a host of relatives and friends.

Vidyasagar's funeral will take place at the Besant Nagar crematorium in Chennai today afternoon.

Depressed over husband's illicit relationship

Woman ends life along with children

Roja

T. Narasipur, June 29 (SK&KS)- Depressed over her husband having extra marital relationship with another woman, a 30-year-old woman reportedly hanged her two daughters and ended her life by hanging self at Ramegowdanapura in the taluk on Monday night.

The deceased are Roja, wife of Ningaraju and her daughters Pushpanjali (5) and Geetanjali (3).

Roja was given in marriage to Ningaraju of Mavinahalli about 10 years ago and the couple had two daughters. It is learnt that frequent fights used to take place between the couple over financial issues and recently, Ningaraju had allegedly assaulted Roja and was pestering her to go to her parents' house.

Police said that Roja, who went to her parents' house, hanged her two daughters on Monday night and also hanged herself. It is learnt that Ningaraju's illicit relationship with another woman was the cause for Roja to take the extreme step.

Dy.SP Shivakumar visited the spot. A case has been registered at T. Narasipur Town Police Station and Circle Inspector Krishnappa is investigating.

Obituary

Hazel B. D'Vaz

Mysuru, June 29- Hazel B. D'Vaz (63), former employee of St. Matthia's School and a resident of Kesare, passed away in city yesterday following brief illness.

She leaves behind her husband Heslyn C.A. D'Vaz, daughters Cleona Magadlene D'Vaz and Samantha Maria D'Vaz, two sisters and a host of relatives and friends. Funeral was held at the Roman Catholic Cemetery on Mahadevapura Road in Gandhinagar this afternoon.

Freedom from stinky and dirty toilets

City's first heritage toilet by Aug. 15

Mysuru, June 29 (RK&BCT)- Works are on a war footing to construct a heritage toilet at the Town Hall frequented by hundreds of people every day. The foundation has already been laid and now, the works are in progress to erect pre-cast concrete slabs as walls, interiors and also facilities.

The toilet is being built with an estimated cost of Rs. 1.4 crore and the stakeholders are planning to open the ultra-clean facility by Aug. 15, signalling freedom from dirty, clogged and stinky toilets. The foundation stone has been laid towards the east of the Town Hall (Gandhi Square side) and the toilet complex is coming up at a 40x60 plot.

The Mysuru City Corporation (MCC) signed a Memorandum of Understanding (MoU) with Namma Mysuru Foundation (NMF) for the construction and operation of the toilets under the BOOT (Build, Own, Operate, Transfer) arrangement and accordingly, the land was handed over to NMF on Aug. 27, 2020.

Speaking to *Star of Mysore*, NMF head Dasharath said that the Foundation will maintain and operate the facility for five years and it will later be handed over to the MCC. The foundation stone for the heritage toilet was laid on Sept. 28, 2020. As per the architect's impression of the heritage toilet, the structure will complement the heritage character of the Town Hall and will have all its traditional, structural and heritage aspects.

The precast concrete materials that will form the interiors and exterior of the heritage toilet are being prepared, dried and are being given the final touches at the Town Hall premises. These materials will be joined to the foundation so that they can stand firmly on the ground.

The toilets will have separate portions for men and women, an exclusive portion for the physically challenged attached with a ramp facility, a baby-feeding facility for lactating mothers, a full-fledged security room and adequate space for hand washing.

Other features of the heritage toilet are anti-skid granite flooring, store room, generator facility, water sumps and an efficient cleaning mechanism.

Band House renovation with Rs. 64 lakh begins

Mysuru, June 29 (RK&BCT)- The renovation of the Band House that once housed the Mysore Police Band at the Old Mysore City Police Commissioner's Office in Nazarbad has begun and the structure's front ceiling has been removed for restoration. The Band House building is about 102 years old and has an open balcony and gable-tiled roof.

The Bank Note Paper Mill (BNPM), a joint venture of Security Printing & Minting Corporation of India (SPMCIL) — a Government of India Enterprise and Bharatiya Reserve Bank Note Mudran Private Ltd. (BRBNMPL) — a Subsidiary of Reserve Bank of India, has come forward to fund the project under its Corporate Social Responsibility (CSR) outreach activities.

The BNPM will contribute Rs. 64 lakh for a comprehensive restoration and all the works will be undertaken to restore the structure as is without damaging its heritage value. The renovation will be carried out by the Department of Archaeology, Museums and Heritage and an agreement has been signed in this regard. The funding will be from BNPM.

Apart from the workers and supervisors, the renovation is being taken up in consultation with heritage experts. Sources said that it would take about four to five months for the entire renovation and painting to be completed.

Till the renovation is complete, the Band House will be located at Mounted Police Company on Lalitha Mahal Road and all the old music instruments including some of the rarest ones have been preserved there. During the renovation, arrangements will be made to establish a music museum within the rooms of the existing building where a public display too can be facilitated.

All the enclosures such as the instruments' room, music library and an exclusive concert hall, apart from other rooms that were part of this magnificent structure will get a new look and after renovation, the museum will be thrown open to the public.

Ensure implementation of public safety rules

City Police Commissioner Dr. Chandragupta asks officers to be vigilant to curb crime

Dr. Chandragupta

Mysuru, June 29 (RK&BCT)- City Police Commissioner Dr. Chandragupta has instructed city Police officers, inspectors and the constabulary to ensure that the Karnataka Public Safety (Measures) Enforcement Act, 2017 and the Karnataka Public Safety (Measures) Enforcement Rules, 2018 are effectively implemented in both letter and spirit.

Chairing a meeting of officers at his Office yesterday, Dr. Chandragupta told the Cops that the rules are applicable to all commercial establishments, industrial establishments, religious places, educational institutions, hospitals, sports complexes, railway and bus stations and places of an organised congregation where more than 100 people gather at a time or more than 500 people frequent per day.

Access controls and CCTV surveillance at entry and exit points and common public places of the establishments and their parking areas must be ensured and the minimum resolution of such cameras must be 2 megapixels and the data must be stored for a minimum of 30 days, the Commissioner said and he collected information from the officers on the implementation in the city limits.

The owner or manager of an establishment must periodically certify to the Police that the public safety measures have been installed and are in a proper working condition. The establishment must bear the cost of providing public safety measures.

In addition, the cameras are to be installed in such a way that it covers the approach areas at the entry and exit points and also entry and exit points of parking lots up to a distance of at least 50 yards. The cameras shall run 24X7, even when the establishment is closed.

Any establishment that fails to provide public safety measures shall be served with a show-cause notice by the jurisdictional ACP and failure to comply with the same will attract penalties that can range from Rs. 5,000 to Rs. 10,000.

The Commissioner asked his staff to visit each lodge, residential accommodation, resorts and serviced apartments, commercial establishment and departmental store, saree and jewellery shops, hostels and PG accommodations to ensure that CCTV cameras are installed as per specifications. Apart from installation, the cameras and footage must be monitored regularly and this will go a long way in curbing crime, Dr. Chandragupta said.

All senior officers including DCPs, ACPs and Inspectors were present at the meeting.

Exclusive interview with Sadhguru Jaggi Vasudev

'We have a limited time on this planet'

Sadhguru Jaggi Vasudev, Mysuru's very own guru recently travelled over 30,000 km visiting 27 countries on a solo motorbike trip to spread the message of saving soil. This 100-day journey which kicked off at Trafalgar Square in London concluded in Mysuru on June 19 where he arrived on his motorbike and addressed a massive gathering at Manasagangothri Open Air Theatre. *Star of Mysore*'s Sujata Rajpal spoke to Sadhguru after his address. *Excerpts:*

Star of Mysore (SOM): You have a long association with Mysuru. Which is the one thing that you don't want to change about this city?

Sadhguru: There is a quaintness about Mysuru. The city has a unique aura which we must preserve at any cost, and not allow it to become a hustle-bustle place like any other high-rise city. We have already done a lot of harm to this city but let's try to preserve its charm as much as possible.

SOM: Recently we celebrated Father's Day, then there are other such days dedicated to various relationships. What are your thoughts on this?

Sadhguru: Only one day for fathers? (Chuckles). This is a commercially pushed, Americanised way of life. There are days dedicated to various persons then which is the day for a normal human being? Indian relationships are different but unfortunately, we too have succumbed to this. Even in India, Father's Day and Mother's Day cards are sold, and restaurants offer special discounts to lure you to spend time with your family.

If you have love in your heart for your father or mother then why just one day? We should think of someone out of love, and duty, and not because it is an appointed day for that particular relationship.

SOM: These days elderly parents are perceived as being a burden to their children. Can we do something as a society to make elderly parents live a comfortable life?

Sadhguru: This is the first generation that is facing such a problem. Because of employment, most young people have to move away from the place where they were raised. They can't carry their parents with them even if they want to. In many cases, even parents are not willing because they are comfortable in their surroundings. After a certain age, their ability to adapt and adjust diminishes unless they are vagabonds like me (chuckles). My father lived in Mysuru and I would visit him whenever I could.

Sujata Rajpal interviewing Sadhguru Jaggi Vasudev.

Of late, a lot of private properties exclusively for senior citizens have come up but it would be great to have a city for senior citizens where the elderly can live safely and move around freely. Such a city should be self-sufficient in every way so that one doesn't have to step out unless one wants to. I have proposed a concept where on a 50 acre land a building is built in just one acre and the rest 49 acres is forest. I don't know if it is feasible but this would be an ideal situation for the elderly.

SOM: How is the childhood of today's children different to the previous generations?

Sadhguru: Today when kids step out of the houses, they are literally on road as there is no place for them to play and jump around. For holistic development of the child, it is important that they play freely but these days it is not possible for them to do so. What is childhood if one has not climbed the trees and done crazy things? We have already done a lot of damage to our children, and in future, we would have to pay a heavy price for this. Due to the enclosed atmosphere children live in, in the next 15-20 years, the psychological issues would spike up which wouldn't be easy to deal with.

SOM: How can we make our women empowered in the true sense?

Sadhguru: The laws are equal for both men and women. Society is in a transition stage. Earlier, women took care of the house whereas men earned outside but now even women too are working. They are all over the place. There is nothing wrong or right about it, it's just the requirement of the time. The entire nation is in transition, so there are bound to be transitional issues. Academically, girls are doing better than boys. So, in the next twenty years, things would be different. Just wait and watch for women to bloom and take their place in society which they truly deserve.

SOM: How should we address today's digital distractions and addictions?

Sadhguru: People are addicted to phones, tea, gossip or anything. Addiction means you are unconsciously ruled by something else. There is no substitute for being conscious. If we are not conscious, we would destroy ourselves. A conscious planet is a solution for all our miseries. If we say, the world should become conscious, we are referring to the consciousness of individuals. In this direction, we have opened a Conscious Planet Centre at Harvard Medical School where we are exploring how raising human consciousness can augment healing and recovery.

SOM: These days there are a variety of diets. People are confused. How do they decide which diet is good for them?

Sadhguru: People must eat food not something weird prescribed. I am coming out with a food book so I don't want to talk about it. (Chuckles). Earlier most people ate ragi, jowar or other millets but now we are eating mainly white rice. Ragi, which is considered poor man's food, is actually the best cereal.

This year has been declared as the year of millets but millets don't attract people who are mentally stuck to impressing by eating super white rice. Such an attitude needs to change. In earlier times we used to eat well but we didn't have sufficient to eat. Now the food production has increased and so has the population. My great grandmother lived up to 113 mainly because people those days consumed mainly millets.

These days there are fashions about food which keep changing. Not only what you eat but also how you eat is important. Too much concern about health is in fact an ailment. We should live with ease. We are born and would die one day so why generate acids in our heads.

SOM: How do we achieve eternal happiness?

Sadhguru: Human beings are not eternal so how could they get eternal happiness? Your life is a 'pop-up' and you would 'pop-out' one day.

We have a limited amount of time on this planet but unfortunately, we think we are here forever. If we know our life is slipping away we would organise ourselves better and make our time more productive. Becoming conscious of our mortal nature is of utmost importance which would help us make our life better.

SC to take up Sena's floor test plea at 5 pm

Rebel MLAs pray at Kamakhya Temple; to fly from Guwahati to Goa at 3.30 pm

Mumbai, June 29 (Agencies)- As the dramatic political crisis in Maharashtra continues to unfold, the Supreme Court (SC) will hear the Shiv Sena's plea against the floor test ordered by Governor Bhagat Singh Koshyari at 5 pm today.

The Governor has ordered the holding of a floor test for the Uddhav Thackeray-led Government at 11 am on Thursday.

Team Thackeray has gone to the SC with the argument that the Governor's order is illegal as 16 rebel MLAs are yet to respond on their possible disqualification. The Governor ordered the test of strength a day after BJP leaders met him and told him the Uddhav Thackeray-led coalition has lost its majority.

Earlier this morning, rebel MLA Eknath Shinde had said that the floor test in the Assembly would take place on Thursday and that the rebel MLAs would return to Mumbai the same day for it. They are being taken to Goa today and will be flown to Mumbai on Thursday morning.

The order for the floor test came after BJP leader and former Maharashtra CM Devendra Fadnavis met Koshyari on Tuesday night and requested a floor test. He claimed that the Thackeray-led Government is in the minority since 39 MLAs had decided to side with the Shinde-led rebel faction.

The BJP has convened a meeting of all its Maharashtra MLAs at 5 pm. The meeting has been called to discuss the party's strategy ahead of the floor test.

Meanwhile, the rebel MLAs from the Eknath Shinde camp reached the Kamakhya Temple in Guwahati, where they offered prayers before taking a flight for Goa from the airport.

The MLAs will leave for Goa around 3.30 pm and will be staying at the Taj hotel in Goa.

Chief Minister Uddhav Thackeray made a fresh effort to reach out to rebel Shiv Sena MLAs camping in Guwahati in a bid to win them over. As the political crisis, triggered by a rebellion by Shiv Sena leader Eknath Shinde, entered the eighth day, the BJP moved to pile on the pressure on the beleaguered Maharashtra Vikas Aghadi (MVA) Government.

"It is not too late. I appeal to you to return and sit with me and remove the confusion (created by your actions) among Shiv Sainiks and the public," a statement by Thackeray's aide quoted him as saying. "If you return and face me, some way could be found. As the party president and family head, I still care for you," Uddhav said.

Ahead of first Ashada Friday, Chamundi Hill steps cleaned

- Over 80 volunteers take part in cleaning drive
- Clear the stairway of plastic bags, bottles, chips packets

Mysuru, June 29 (MTY&SSM) - Ahead ofAshada Friday puja rituals atop Chamundi Hill from July 1, Sir M. Visvesvaraya Tap and Drainage Workers Welfare Association took up the cleaning of 1,008 steps leading to Sri Chamundeshwari Temple this morning.

Over 80 volunteers of the Association including devotees took part in the cleaning drive for the sixth consecutive year.

Columnist and Writer Bannur K. Raju launched the cleaning campaign at the foot of Chamundi Hill by offering floral tribute to Nalwadi Krishnaraja Wadiyar's portrait.

Speaking on the occasion, Raju said that Swachh Bharat Mission is the multidimensional ideology of Mahatma Gandhi. "Gandhiji believed that a strong country could only be built on the shoulders of cleanliness. Prime Minister Narendra Modi brought the Swachh Bharat Mission into practice by launching it on Oct. 2, 2014, the birth anniversary of Mahatma Gandhi."

He lauded the Association's efforts in cleaning the Chamundi Hill steps for the sixth consecutive year without expecting anything in return.

Former Deputy Mayor Siddaraju, who too spoke, said that it is Mysore Maharajas who have the pride of introducing many drives and campaigns in those days to keep the city clean and hygienic. He also recalled the contributions of Nalwadi to keep Mysuru as the cleanest city.

The volunteers picked up chocolate wrappers, chips packets, plastic covers, paper plates, plastic bottles and other non-degradable waste thrown by the devotees and tourists in the hill steps area. Association President S. Mahesh, General Secretary Kale Gowda, Treasurer M. Ravikumar, Director Chandre Gowda, office-bearers Palaniswamy, Suresh Kumar and others took part in the drive.

Quake analysis team

(Continued from page 1)

Report to be submitted to DC

Kodagu Deputy Commissioner Dr. B.S. Satish told *Star of Mysore* that the team will visit the quake epicentres like M. Chembu and Karike villages and study the data. "The team will study the patterns and will submit a report and the people will be informed accordingly and there is no reason for panic. There is a proposal to set up a Monitoring Centre in Kodagu looking at the frequency of the quakes," he said.

Sources said that the Monitoring Centre will be established at a cost of Rs. 30 lakh and a team of scientists will be stationed in Kodagu to continuously monitor and transmit the data. A Broadband Seismometer and Strong Motion Axelograph machines will be set up as part of the Monitoring Centre.

While the Broadband Seismometer is capable of sensing ground motions over a wide range of frequencies, the Strong Motion Axelograph will monitor the response of a structure during an earthquake, whether it is a building, bridge, dam, power station, or any other critical infrastructure that could be affected by a large earthquake, sources added.

Calling PUC Science toppers

Mysuru, June 29- Janavaahini Shikshana Samsthe, Mysore (JVSSM), which runs Mysore College of Engineering and Management at Alanahalli, will be felicitating 100 PUC Science toppers along with people from all walks of life at a function to be held on July 16 in the College premises.

Eligible PU students may contact Ph: 0821-2971173.

The College runs branches in Computer Science and Engineering, Information Science Engineering, Electronics and Communication Engineering, Mechanical Engineering, Civil Engineering, Computer Science and Engineering - Artificial intelligence and Machine Learning and Computer Science and Engineering — Data Science.

High drama on city streets

(Continued from page 1)

After garlanding the statue of the Field Marshal, the Yuva Morcha activists started to march to the Congress Office when they were stopped by the Police, who had erected barricades around the Circle.

The attempts of over 40 activists to march to the Congress Office by removing the barricades were foiled by the Police, who took them into preventive custody.

Meanwhile, Lakshmana too was prepared to take out a rally from Congress Bhavan to MP Pratap Simha's Office at around 11 am.

Lakshmana, supported by MLC Dr. D. Thimmaiah and other Congress leaders tried to take out a procession to the MP's Office when they were stopped at Dasappa Circle by the Police, who had erected barricades there too.

Soon, Lakshmana entered into a verbal argument with the Police. Questioning why such a large posse of Policemen was deployed at the spot, Lakshmana staged a flash protest at Dasappa Circle, raising slogans against the MP and the BJP.

Wanting to know why the MP was hesitant to take part in the debate, with the MP himself challenging former CM Siddharamaiah and senior Congress leader Dr. H.C. Mahadevappa, Lakshmana reiterated that the Congress was ready to take part in the debate at any venue. But the MP and his party were reluctant, he alleged and demanded the Police to allow him to go to the MP's Office.

As Lakshmana remained adamant, the Police took him and other Congress leaders into preventive custody, thus putting an end to the high drama that prevailed for two hours. Lakshmana had carried a 500-page document listing the 'contributions of the Congress' to Mysuru's development, which he displayed to the media.

Elected to Kerala Samajam

Moideen *Anilkumar* *Vinodh* *George*

Mysuru, June 29- Kerala Samajam, Mysuru, in its general body meeting conducted recently, elected the following members to its Governing Council for the period 2022-24:

President : P. Moideen; Vice-President : T.R. Anil Kumar; General Secretary : P.K. Vinodh; Joint Secretaries: K. Muralidharan Menon & C.H. Baiju; Treasurer : M.C. George.

Brisk and energetic Karnatak vocal music concert at Ganabharathi

Vid. K.S. Vishnudev presenting a vocal concert at Veene Seshanna Bhavana on June 24. He was accompanied by Vid. H.N. Bhaskar on violin, Vid. K.U. Jayachandra Rao on mridanga and Vid. G.S. Ramanujan on ghata.

The audience at Ganabharathi's Veene Seshanna Bhavana were entertained to a brisk, beautiful and an energetic Karnatak vocal music on Friday, 24th June 2022. The concert was arranged in memory of Smt. Sugunamma Dayalu and Smt. G. Mahalaxamma who turned centenarians, by the families of Mrs. and Dr. C.G. Narasimhan.

Vid. K.S. Vishnudev (originally Vishnudev Namboodiri) endowed with a powerful voice gave a well-planned concert for two-and-a-half hours. His choice of ragas were appreciably well knit. After the Varna in Shudha Dhanyasi he sang 'Sri Mahaganapathim' in raga Gaula appended with beautiful swaras to the pallavi line.

Ranjani raga was rendered well in high speed but the brigas sung by him were of utmost clarity. A slower tempo for that raga would have been more suitable. He sang a rare kriti of Swati Tirunal 'Kalaye deva devam' in that raga.

Next he chose to elaborate Bilahari and successfully brought out in all its colours and presented with vigour and speed. The brief shift of the tonic that he made at the swara 'Dhaivatha' resulting in Yamuna kalyani came as a surprise gift.

Vid. H.N. Bhaskar in all raga passages and swara prastharas gave his best and followed the singer's style and elevated the concert. The kriti of Vasudevacharya 'Sri Chamundeshwari' is not new to Mysureans but the neraval at 'raka nishakara' and swara kalpanas were the highlights of his talent.

This was followed by an engaging tani avarathanam by maestros Vid. U. Jayachandra Rao and Vid. G.S. Ramanujan on mridanga and ghata respectively and made the audience sit up and enjoy the concert.

Last part of the concert witnessed ragam tanam and pallavi in raga Bhairavi. In that half of an hour he sang, full justice was done to the raga and special mention he deserves for the detailed tanam sung in all the three speeds. The tala he chose for 'Odi barayya Purandhara Vittala Sangeetha lola' was Khanda Jampe. The familiar words of the pallavi made lasting impression on the audience. He rounded off the concert with 'Jagadodharana' and a tillana of Veene Seshanna.

Vid. Vishnudev was able to sustain his energy level till the end. The present world is fast in everything including music. However, it would not be out of place to remind the singer to sing at least one really vilamba kala kriti in a concert.

—Mrs. Neeraja Achuta Rao

Screening of Kodava movie

'Thembaad' at Kodava Samaja in city

Mysuru, June 29- Under Bhakthi Production, a Kodava movie titled 'Thembaad' (family where life begins) had successful shows in Kodagu and has reached every Kodava with Kodava culture shown and a message to be passed to every individual on how a family should be. Those interested to watch the movie may contact Somanna Thadiyangada on Mob: 99863-23143 or Kodava Samaja, Mysuru.

'Culture unites us towards humanity'

DCP Geetha Prasanna inaugurates Kala Sambhrama-2022

Mysuru, June 29- DCP (Crime and Traffic) M.S. Geetha Prasanna inaugurated Kala Sambhrama-2022 at Vidyavardhaka First Grade College on Seshadri Iyer Road in city recently.

Speaking on the occasion, the DCP said that culture always unites every one towards humanity. Stating that student-hood is always mesmerising, she became nostalgic about her student days.

Lauding the well-organised cultural programme which took away from hi-fi life of the day, she said such programmes will bring us back to our roots. Indian culture is in its unity, the family setting and in the cultural talents of younger generation, apart from curriculum, co-curricular activities as such is most essential part of life, she said.

Dr. S. Mari Gowda, Principal of the College, said that Kala Sambhrama is a cultural platform for indigenous culture, rustic tradition and it is a fruit of two important Forums like the Vidyarthi Sangha and Kannada Sangha in antiquity. More than just academic knowledge, inculcating creativity, resourcefulness, skill orientation is our aim. Our motive is not just prompting the student to gain a job but also to make them responsible citizens of India, he said and urged the students to expose themselves towards culture and tradition.

T. Nagaraju, CMC, said that such programmes are actually the brainchild of rustic environment. He remembered how villagers used to enact plays on stage and promote culture.

Gundappa Gowda, President, Vidyavardhaka Sangha, Mysuru, presided. P. Vishwanath, Hon. Secretary, was the chief guest. Shrishaila Ramannavar, Treasurer, Vidyavardhaka Sangha, Basavegowda and Narayan special invitees were present.

Prof. J. Manju rendered the invocation. Dr. Srinivasa, Co-ordinator, Kala Sambhrama-2022 welcomed. Dr. B.T Raghu compered the programme. N. Mohan Kumar proposed a vote of thanks. Teaching and non-teaching faculty, students and participants from various Colleges were present.

Students advised against becoming victims of addiction, drug abuse

Mysuru, June 29 (SPN&DM)- District Disabled Welfare Officer R. Malini has called upon the students and youths not to spoil their life by getting addicted to vices such as alcohol, smoking and drug abuse.

She was speaking at the International Day Against Drug Abuse and Illicit Trafficking organised jointly by JSS Mahavidyapeetha and JSS Counselling Centre at JSS College of Arts, Science and Commerce on Ooty road here recently.

Expressing concern that an increasing number of youths, especially students are getting addicted to smoking, drug abuse, alcoholism and such other vices, Malini said that it is a serious matter that youths are going out of the way.

Highlighting the ill-effects of becoming addicts and the social impact of addiction, Malini said that addiction will not only bring a bad name to the family, but as well as in local community.

Pointing out that counselling and de-addiction centres have been established at JSS and St. Mary's, she advised the youths to lead a life based on the guidance provided by family elders, parents and teachers.

Regretting that drug abuse is on the rise, she said that teenage is a very important and critical phase of life and as such the youths should be very cautious while making friends. Malini further said that it is difficult to come out of addiction once the youth becomes victim of vices.

District Women and Child Welfare Department Deputy Director B. Basavaraj, College CEO Prof. B.V. Sambashivaiah, Principal Prof. M.P. Vijayendra Kumar, faculty M.S. Sushmitha and Dr. Kumudini, Don Bosco's Immanuel, Dr. B. Sushmitha and others were present.

Sandal Urus Sharieff of Hazarath Tipu Sultan held

Mysuru, June 29 (SBD&KS)- The 230th Sandal Urus Sharieff of Hazarath Tipu Sultan Shaheed was celebrated with religious fervour in city yesterday.

A stage programme was organised by Hazarath Tipu Sultan Welfare and Urus Committee at the Tipu Hall in Meena Bazar which was followed by a procession.

A mass prayer was held at the Tipu Hall which was led by Ahmed Shah Khadree and later the holy sandal paste was brought to Meelad Park. MLA Tanveer Sait carried the holy sandal paste on his head and walked for a distance.

The MLA later sat in a chariot and the procession, accompanied by Sufi Saints and others, passed through Ashoka Road and St. Philomena's Church Circle to reach Bada Makhan near Tipu Circle, where the holy sandal was placed in a truck and taken to Gumbad-e-Shahi in Srirangapatna.

MLA Tanveer Sait, who is also the Chairman of Hazrath Tipu Sultan Waqf Estate, offered floral tribute to the tomb of Hazrath Tipu Sultan at Gumbad-e-Shahi in Srirangapatna.

Sir Khazi of Mysuru Hazarath Moulana Mohammed Usman Shariff, Sri Basavalinga Swamiji of Basava Dhyana Mandira, Kannada Chaluvali party's Vatal Nagaraj, Chairman of Karnataka State Board of Auqaf Hazrath Moulana Shaafi Sadi, Chief Executive Officer of Karnataka Board of Auqaf Khan Parvez, Chairman of Mysore District Waqf Advisory Committee Ghayaz Ahmed Akram, President of Al Khalid Charitable Trust Mohamed Mumtaz Ahmed, Secretary of Hazrath Tipu Waqf Estate Irfan Pasha, Hazrath Moulana Wali Ba, Iqbal Ahmed, members of Hazrath Tippu Waqf Estate, Social Worker Mirza Jamsheed Baig and others were present.

Sandal Urus Sharieff was also celebrated by Bannimantap Educational Welfare Trust at Tippu Tomb in Srirangapatna.

Dr. Mehboob Khan of Rehman Bone Centre, K.R. Nagar carried the holy sandal paste and offered Fathaha Khawani and flower mats at Tipu Shrine.

Bannimantap Educational Welfare Trust Vice-President Mudasir Pasha, trustee Syed Masood, Hazarath Moulana Irshad Alam, Secretary of Quwath-ul-Islam Afroz Pasha, Social worker Mirza Jamsheed and Baig Ashrafi were present.

Congress leaders Siddharamaiah and D.K. Shivakumar brace for show of strength

KPCC President D.K. Shivakumar and Opposition leader Siddharamaiah seen discussing preparations and strategies for the forthcoming Assembly polls in Karnataka with top Congress leaders Rahul Gandhi, K.C. Venugopal and Randeep Singh Surjewala in New Delhi.

Bengaluru, June 29 (KMS& DM)- In what is perceived to be a show of one-upmanship in the race to the Chief Minister's post in case the Congress attains majority in next year's Assembly elections, KPCC President D.K. Shivakumar and Opposition leader and former Chief Minister Siddharamaiah are bracing up to show their strength by organising separate rallies.

While on the one hand Siddharamaiah loyalists have planned a mega birthday bash at Davangere for their leader in August marking his 75th birthday, KPCC President Shivakumar is gearing up to hold a mega rally at the Palace Grounds in Bengaluru as a show of strength.

Siddharamaiah's fans and supporters have started making preparations for the former CM's big birthday bash at Davangere in central Karnataka on Aug. 3, though his birthday is on Aug.12.

Committees have been formed to make arrangements and invite about 5 lakh Congress workers and supporters. Besides, leaders of all communities will be invited and the event would be used to mobilise voters from Kuruba community to which Siddharamaiah belongs, minority, backward classes and Dalit (AHINDA) communities.

The former CM is expected to use his birthday celebration to send a message to the party High Command about his popularity and the necessity of projecting him as the party's Chief Ministerial candidate ahead of the 2023 Assembly polls.

It may be recalled that in 2012, Congress leaders, sensing victory in the 2013 Assembly polls, had celebrated Siddharamaiah's 65th birthday also in a big way.

On the other hand, KPCC President Shivakumar, a Vokkaliga leader, who is associated with the Congress for decades, too is planning to hold a mega rally of his supporters, mostly from old Mysuru region, at Bengaluru in a couple of months in order to send a message to the Congress top brass that he is the frontrunner for the CM's post in case the Congress is voted to power.

Provisional selection list of Anganwadi workers published

Mysuru, June 29- The Women and Child Development Department has announced the provisional selection list of Anganwadi workers (2 posts), Mini Anganwadi workers (2 posts) and Anganwadi helpers (12 posts) for appointment in Mysuru rural limits, at the CDPO Office in Mysuru. Those having any objections to the list, can file their objections in writing before July 4.

Likewise, the provisional selection list of Anganwadi workers (2 posts) and Anganwadi helpers (16 posts) for appointment in Nanjangud taluk, has been published at the CDPO Office located in Mini Vidhana Soudha, Gundlupet Road, Nanjangud.

Those having any objections to the list can file their objections in writing before July 4, according to a press release.

Over 20 passengers injured as bus topples after hitting road divider

Nanjangud, June 29 (Chandru &KS)- Over 20 passengers sustained injuries when a Kerala bus hit a road divider and toppled on the road near Nanjangud in the wee hours of today.

It is learnt that the bus, which was proceeding from Kerala towards Mysuru, hit the road divider at Hosahalli Gate near Nanjangud and toppled, resulting in traffic on the busy road being disrupted. Luckily, no loss of lives was reported and the injured passengers have been shifted to hospitals in Nanjangud and Mysuru. One of the injured passengers is said to be critical.

Nanjangud Circle Inspector Lakshmikanth Talawar, Traffic Sub-Inspector Lohith, Assistant Sub-Inspector Nagaraj and staff visited the spot, summoned a crane and cleared the bus from the road for smooth flow of traffic.

A case has been registered at Nanjangud Traffic Police Station in this regard.

WORD OF THE DAY

Redolent

Pronunciation: RED-uh-lunt.
Meaning: As a synonym of aromatic, the word redolent can describe something that has a noticeable smell without specifying the scent, but more often it is accompanied by of or with and means "full of a specified fragrance," as in "redolent with smoke."
Origin: Redolent traces back to the Latin verb olēre ("to smell") and is a relative of olfactory ("of, relating to, or connected with the sense of smell"). In its earliest English uses in the 15th century, redolent simply meant "having an aroma." Today, it usually applies to a place or thing permeated with odours. Scent and memory are famously linked, and an extended use of redolent to mean "evocative" or "suggestive" links them again, as in "lollipops redolent of childhood."
Example: "The train's windows and colors were smudged with drought grime. Inside the coach cars, however, was a different atmosphere, one redolent with a new-something smell." — Kevin Spear

THE ODD WORD

Radicolous

Living on roots.

PHRASE OF THE DAY

Red in tooth and claw

Meaning: 'Red in tooth and claw' is a reference to the sometimes violent natural world, in which predatory animals unsentimentally cover their teeth and claws with the blood of their prey as they kill and devour them.
Origin: This has the sound of a proverbial phrase which might come from the Bible or from Shakespeare. Search the Bible for 'tooth' and you'll find little other than 'an eye for an eye, a tooth for a tooth'. Shakespeare comes a little closer and refers to 'an adders' tooth', 'a serpent's tooth' and even to an animal with claws - 'a mad dog's tooth'. The line is in fact much more recent than either of those sources and comes from Alfred Lord Tennyson's In Memoriam A. H. H., 1850. The quotation comes in Canto 56 (it is a very long poem) and refers to man:

Who trusted God was love indeed
And love Creation's final law
Tho' Nature, red in tooth and claw
With ravine, shriek'd against his creed.

QUOTE BOX

Be true to your teeth and they won't be false to you. — **Unknown**

Sudoku is a number-placing puzzle based on a 9x9 grid with several given numbers. The object is to place the numbers 1 to 9 in the empty squares so that each row, each column and each 3x3 box contains the same number only once. The difficulty level of the Concept is Sudoku increases from Monday to Sunday.

CRYPTOQUIP

The Cryptoquip is a substitution cipher in which one letter stands for another. If you think that X equals O, it will equal O throughout the puzzle. Single letters, short words and words using an apostrophe give you clues to locating vowels. Solution is by trial and error.
